DETAILED ACTION

Election/Restrictions

1. Applicant's election of Species I, claims 1-3, 5-7, 9, 11, 15 and 16, in the reply filed on 10/31/05 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claim Objections

2. Objections to the claims are hereby withdrawn.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-3, 5-7, 9 and 11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 1-3, 5-7, 9 and 11, the word "means" is preceded by the word(s) "reservoir" in an attempt to use a "means" clause to recite a claim element as a means for performing a specified function. However, since no function is specified by the word(s) preceding "means," it is impossible to determine the equivalents of the element, as required by 35 U.S.C. 112, sixth paragraph. See *Ex parte Klumb*, 159 USPQ 694 (Bd. App. 1967).

Claim Rejections - 35 USC § 102

5. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

Art Unit: 3724

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claims 1-3, 5-7, 9, 11, 15 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Keene (2,327,192). Keene discloses razor body 5, 7; reservoir means 15; interior area is disposed within reservoir means 15; finger-operated button actuator 9, 23; non-dispensing position shown in figure 2; dispensing position is when actuator 9 is pressed; dispensing means 7, 11; receptacle 15 is integral with razor body 5, 7; manually depressible button 23; nozzle 7, 11; razor cartridge 14; method disclosed on page 2, lines 10-23; razor cartridge 14 is releasably mounted via element 13; shaving cream is available in gels and foams.

7. Claims 1, 2, 7, 9, 11, 15 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Galli, Jr. (4,177,556). Galli, Jr. discloses razor body 12, 20; reservoir means 22; interior area is disposed within reservoir means 22; finger-operated button actuator 44, 50; non-dispensing position shown in figure 2; dispensing position is when actuator 44, 50 is pressed; dispensing means 18, 32, 34; receptacle 22 is integral with razor body 12, 20; nozzle 32, 34; razor cartridge 16; method disclosed in the abstract; razor cartridge 16 is releasably mounted in column 2, lines 11-15.

Response to Arguments

8. Applicant's arguments with respect to claims 1-3, 5-7, 9, 11, 15 and 16 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Art Unit: 3724

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
